**KSU Men's  
Lacrosse Winter  
Skills Clinic**

[www.ksulax.com](http://www.ksulax.com)

This is Metro Atlanta's only winter tune-up clinic for lacrosse players!

We are looking for all Middle School and High School boys who are looking to improve their lacrosse skills before their season begins.

The clinic is a great opportunity to learn some new skills, shake off the winter rust, and get ready for spring tryouts.

KSU's Winter Skills Clinic is a major fundraiser for the KSU Men's Lacrosse Program.

### Winter Lacrosse Clinic Coaching Points:

- Passing / Catching
- Ground-balls
- Shooting
- Dodging
- FaceOff / Specialty
- Defense
- Goalie Skills
- Agility / Conditioning

The KSU clinic focuses on teaching fundamentals of the game and introducing important lessons to help players cultivate a strong lacrosse game while developing good character. Through positive reinforcement and motivation, campers learn important skills and key concepts while they compete in fun contests and participate in dynamic drills .
